Dear Supporting Churches,

As many of you know, I have worked with Macedonian Missionary Service since 2001. As of October 23, 2007, I will no longer be doing any building projects through Macedonian Missionary Service. I feel that we no longer share the same convictions concerning the Lord's work. I appreciate the time that I had to work with all the men on staff. I have learned a lot about missions in the last six years from everyone who was a part of MMS,

My plans for the future are the same as they have always been. God called me to help churches and missionaries in their building needs. That has not changed. I will be working as I always have through my sponsoring church. Clear Springs MBC. They sent me out as a Building Missionary in 1996 and I have strived to do His work according to His Word ever since. In October 2000, God also called me to preach the Gospel. I am still available to fill in for pastors, revivals, mission conferences, or present our work. I am available to organize foreign and domestic projects. I will continue to work closely with other knowledgeable builders that I have always worked with. My main goal is to do whatever God would have me to do, so that the lost may have the opportunity to hear the Gospel so that they may be saved.

I am sure you may have questions. I want to encourage you to call me with any of your concerns. I look forward to the future and the continued partnership with all the churches that have helped me financially, by sending volunteers and offers of prayers.

*Brethren, the grace of our Lord Jesus Christ be with your spirit. Gal 6: 18*

The Carpenter's Servant,

/fe'wy /d/^,

Randy Taylor /
