February, 2004

We're busy and getting busier. David and I worked together on framing in Clovis and electrical at the Shasta MBC of Redding. It's been a real blessing having the extra help. I've also been able to work a couple of days on the roof in Oakhurst and a couple of days in Redbluff. Because of the misfortune of another I'll be going to Australia the 20th of this month for two weeks to help a mission work put up a new building.

We're still planning the Vanuatu trip for April 15th - May 15th with two teams going one the first two weeks to pour the concrete and get ready for the second crew and the second team coming the last two weeks to put up the buildings. If you've felt the call to go please let Kim @ Macedonian office know PH.606-677-6683

There is a Macedonian project scheduled for March 27th-April 2nd to help the Riverside church in Phoenix, AZ. We'll be working on the roof and should only need approximately. 20 if you're interested let us know.

I've also been asked to help the Crossley's in Romania May 27th-June 15th

There will be a Macedonian project July 10th-17th for the Beacon MBC of Redding, CA.

The Wood Bridge Church will be starting their project soon and will need help. We will be trying to set a local project to help them frame their building. Because of the design we'll need as many skilled framers as possible and we'll need those who can assist the framers too. I'll let you know when a date is set but we will be trying to set it close to the Macedonian project in July so that some of them could come to both project if they have the time.

So as you can see it's going to be a busy year "Please Keep us in your Prayers" I'll be away from the family on some of these projects and that is hard on all of us.

In Christ,
Richard & Family
