April 5, 2004

Today as I type this report I'm also getting ready for our California State Association meeting. I just finished writing a report that goes over all that has been done this past year since our last meeting. After putting it on paper it still amazes me all that was accomplished this past year. God has been so good to us and has blessed us with so much. It has been a blessing to work with so many of you that have given your time to help a sister church. Your coming out to help on a project not only blesses you but is a real blessing to the church that you have helped.

This past month I've been able to work at home helping to install some a/c units for my home church and do a little work at Clovis church too. I made two trips to Phoenix. The first trip was to plan what materials were needed and get them ordered, and the second trip was a small Macedonian project to do the work which was to fix the roof, add framing for a steeple, add some urinals, and extend their stage.

We'll be working on the electrical at the Clovis church and doing some finish work in Red Bluff in the next few weeks.

We were scheduled to go to Vanuatu April 15th but because of the Hurricane they had and shipping problems with the container so we've had to postpone our trip until September. **Please keep this project in your prayers because we are having some difficulties with the ticket agency. They want to charge us large fees to reschedule. Please pray with us that God will soften their hearts and that they will deal with us fairly.**

Several Churches under Construction: (help is needed on all of these)

Clovis is still under construction of their multipurpose building
Oakhurst is still under construction of their fellowship hall/classrooms
Martinez is still under construction of a new Sanctuary and remodeling of old sanctuary to classrooms
Wood bridge will be starting construction for a new Sanctuary soon
There will be a Macedonian project in Redding Ca. July 10-17 for the Beacon MBC – they will be adding onto their Sanctuary
I'll be in Romania May 28th –June 15th helping the Crossley's remodel their home. They are working with orphans in Romania.

Need: funds to purchase new fifth wheel trailer
