Back from Romania early;

For those of you that haven't heard yet I had to leave Romania only a couple of days after arriving due to severe neck pain. I've been having some trouble with my neck since I went to Vanuatu last September and then when I fell off the ladder in April at Woodbridge it just made the neck pain worse. All the hours on the plane to Romania just exacerbated it somehow making me unable to work because the pain was so bad, so I hopped on a plane and came home. Since my return the doctors did a MRI and it revealed that I have a couple of bulging disks in my c-spine, as well as, some bone spurs which are causing me to experience a lot of pain. I'm scheduled to see a neurologist and a neurosurgeon in a couple of weeks to decide if I need surgery or just more time to heal. Please make this a matter of prayer. Pray that it will resolve soon.

Also we covet your prayers concerning regarding our housing situation. We'll be living in the trailer full time for a few months to get some debts paid off, which will help us in making a bigger house or rent payment. Keep Robyn and the girls in your prayers as they take care of me.

Also many of you know that David Ennis has been working with us the past year and a half. He has decided to move his ministry to Florida, keep them in your prayers as they travel and that they'll be able to do a good work for the Lord in Florida. Also pray that the Lord will provide the help we need here in California and for all the Churches that are in current building programs.

Your mission builder,
Richard Wharton
