November 8<sup>th</sup> 2008

Hello to everyone from Indiana,

I've been here in Seymour, Indiana since Oct. 30<sup>th</sup> for a Macedonian Project where we are helping the Victory MBM. We've been framing inside of a metal building that used to be a warehouse. They had converted a small portion of it to make it usable but have run out of room. So we are here framing for a new sanctuary, bathrooms and fellowship hall, we're also preparing for future classrooms over the fellowship hall. There are and have been several volunteers from all over the US helping with the framing, electrical and A\C work. We'll be here until the fifteenth. When I get home I'll be starting a project for the Clovis MBC, we'll be moving their sound booth out of the sanctuary and into an adjacent room. It's good when a Church has to move the sound booth so that they can have more seating room in the sanctuary.

Keep Manteca, Merced, and Keyes in your prayers as they either continue or prepare for future work that we'll be helping with. I will also be going to Honduras in February with a group of men to help on a church there.

Thank you so much for all of your prayers and help concerning my surgery. I'll be traveling to Mylasia in March 09 for my neck surgery. Letters were sent out last month asking for help with the surgery, and many of you have already responded. Almost half of the monies needed have already come in "Wow", I can't tell you how thankful I am.

Your Missionary Builder  
Richard Wharton
