**Subject:** RE: Hello from Colo.

Dear Sis. Elizabeth,

It was so good to hear from you. So glad yall had a good meeting. Bro. Steve mentioned that they had gone when he wrote us. Our telephone has been out for a few weeks and we are having to use an internet cafe occassionally to read emails. We have not been able to communicate very much at all. We are all doing fine. We will have an anniversary service tomorrow at Trevo. It will be five years since we had our first service there. Three of the young men will preach, including John. We recently had a good tract printed, called "Saving Faith." We had 30,000 copies made. Dan has been out distributing quite a bit the last week or so. You asked about our vehicle situation, we still haven't been able to get one.

The country seems to have changed some, but one thing is that we don't live in the capital any more, we live in a small town outside the capital and it is much quieter here. The city seems so much more busy and growing. I am so thankful to be out closer to our work and in a much quieter and peaceful area. We do hear shots at night and have heard about more gangs roaming around than we did before....though they may have been here and we didn't know it.

Please give our greetings to all the brethren.

Love in Christ,

Cindy
