Dear Brethren.

This is the follow-up to the message I sent a couple of weeks ago. We still haven't received our registration, but I believe we will get it, eventually. I have had several meetings with the Director of the Department of Religious Affairs, and he has assured me our registration will be granted. In the meantime, our residence permits were granted for another year, on the basis and in view of our own registration, which is still being processed. So, we thank the Lord, and say, "Ebenezer," and "Jehovah-Jireh."

The Lord willing, I will be sending my newsletter shortly. I began it on October 30, then, in view of all the uncertainties, decided I would send a brief e-mail update instead, and await developments.

Thank you for the notes of encouragement and for your prayers.

The Lord bless you.
