Dear Brethren,

I trust you are doing well. We're fine. This is to inform you that our application for church registration here in Mozambique has been rejected. We found out this week. Registration is necessary, not only for the church to have property, but for our residence here, as foreigners, as well. After praying and seeking the Lord's will, since we first submitted our application over a year ago, and more particularly this week, we believe the Lord has now shown us His will about trying to continue here. We will not be returning to Mozambique. Another possibility for residence was presented to us this week, and Bro. Nathan Schwaderer and family, whose residence status was also put in jeopardy by the rejection of our application, is pursuing it, but I didn't feel we should pursue it.

We don't have any other leading right now as to future steps, other than coming to the States next month as planned. We will be arriving in New Orleans on Tuesday, Sept. 23, at about 6:30 in the evening. We will be shipping some of our "stuff" back to the USA from here, which I hope to see off before leaving.

Please pray for us in all we have to work through over the next month, both personal and related to the work. Pray also for the Schwaderer's. We have really gotten close over the past year and a half, and have come to love and appreciate them as family. We have enjoyed the best of fellowship together. We will miss them greatly. Please pray for the continuation and prospering of the work here.

Looking forward to seeing you.

In Christ,
Daniel Rogers
