

THE BROWN FAMILY
MISSIONARIES TO COLORADO

February 2008
Prayer Letter

Pastor and Church,

We traveled to Fort Worth, Texas in February to attend the Independent Baptist College annual seminar. The seminar was a blessing to me as I was able to learn some great truths from my former professors while at the same time I had fellowship with men I greatly admire. I also had the opportunity to meet pastors and laymen from churches scattered across Texas, Oklahoma, and Kansas.

I presented my burden at two churches in February: Spring Valley Baptist Church of Fort Worth, Texas and Bethel Missionary Baptist Church of Arvada, Colorado. We had a good time fellowshiping with both churches. February was another slow month but we enjoyed the opportunities we had.

February also brought one more supporting church. That brings the total to four, which equals about 7% of our goal. We have a long ways to go but it is encouraging to see more appointments in March than I have seen to date. I will be at Bodine Baptist Church's mission colloquium on March 6 and 7, and then in Palestine, Texas on March 9, in Houston on March 16, and at Heritage Baptist Church's mission conference on March 26-28. We're taking Easter off and spending it with family in Denver.

I received a very encouraging e-mail from a pastor in Arkansas. It turns out this pastor is from Loveland, Colorado which is less than 10 miles from Berthoud. He heard about my burden for this area of Colorado, and was given my website, so he had the opportunity to watch my presentation (the presentation is located on my website at www.berthoubaptist.org). After watching the presentation he e-mailed me to let me know that he has continuously prayed that God would send forth laborers into this part of Colorado. I wonder how many other people have prayed this same prayer.

Please continue to pray for us, especially for safety in the air and on the road. But I also need more appointments – please pray that God will give more pastors and churches a burden for Colorado.
