

THE BROWN FAMILY
MISSIONARIES TO COLORADO

**March 2008
Prayer Letter**

Pastor and Church,

I can't believe how fast March flew by. We traveled to Texas and Oklahoma. As most of you know I work for an airline, so we travel mostly by air. Most of the time it works out great, but March was spring break so the flights were generally full. On one trip we needed to be in Houston, but the flights were sold out. So I figured Austin would be close enough, but those flights were also sold out. And so were the flights to San Antonio and Dallas, so we had to fly to Baton Rouge, Louisiana and drive to Houston. It was a four hour drive, which is still much better than driving all the way from Denver, especially at \$3 a gallon for gas. On another trip we flew to Dallas and drove to Oklahoma City. It would have been an uneventful trip if it wasn't for the worst snow storm I have ever witnessed. I lived in Alaska and Colorado for many years and never witnessed such an intense snow storm. How ironic.

I presented the mission work at three churches in March: Grace Baptist Church of Palestine, Texas, Santa Fe Baptist Church of Santa Fe, Texas, and First Baptist Church of Clute, Texas. I also attended Bodine Baptist's mission colloquium in Oklahoma City, Oklahoma. March also brought one more supporting church. That brings the total to five, which equals about 12% of our goal. Slowly but surely we will reach our goal.

I also planned on attending Heritage Baptist's mission conference, but my Dad fell ill during the same time. My Dad was hospitalized in Caldwell, Idaho and I traveled there to be with him. He was in the hospital for a long week with an infection in his lung. The doctor's finally got the infection under control and he was sent home. Please pray for him to have a full recovery. I really wanted to be at Heritage, but I felt being with my Dad was too important.

We have six appointments in April: three in Texas, one in Oklahoma, one in Kansas, and one in Colorado. Please pray for safe travel and more appointments.
