Dear Brethren,

TRIP TO PANAMA AND COLOMBIA

Valerie, Holly, John, and I returned August 26th from a six week trip to Panama. We personally visited four works and spent time with brethren from six others. Two youth groups from the States visited during that time, each one spending a week seeing the work and getting an understanding of mission methods.

Valerie and I made a brief trip to Bogotá, Colombia to see the work being started by William Aya, along with his wife Monica and their children. It was a blessing to meet with the new church. They were planning an evangelistic trip to the nearby town of Chia. Bro. William showed me how the church members are doing the work of evangelizing and helping in the correspondence school.

CRISTOBAL YAÑEZ VISIT

Brother Cristóbal and his wife Eneida arrived September 3rd in Houston and we immediately began a two month stint of visiting churches. I am serving as Bro. Cristóbal's translator and guide as he seeks support for his church planting ministry in the Interior of Panama.

PLEASE PRAY FOR

- November trip to Cuba
- direction and blessing for the Arkansas print shop
- December trip to Thailand

FROM VALERIE

It's interesting that in the last letter we wrote, I mentioned about the uncertain state of our house and church in Gatun, Panama. Well, after 5+ years of waiting and while we were there, we received the notice from the Panama Canal Authority to begin thinking about relocation. We do own the buildings themselves, just not the land. We are thinking about many things, but the main thought is to tear them down with help from many brethren and rebuild somewhere else in the area. Please pray that a good piece of land may be found soon. We will personally need somewhere else to live also. It is a huge project and we greatly covet your prayers for a smooth transition as it will be sad and a little hard to leave. We appreciate you all so much. God bless you!!

Yours in Christ,

Robert and Valerie Creech
